

Tennesseans Deserve the Right to Try

Doctors support giving patients the right to try non-FDA approved drugs

73% of
neurosurgeons/neurologists

70% of
orthopedic surgeons

69% of
emergency room doctors

68% of
oncologists

The Case Against Medicaid Expansion

Expanding Medicaid could
increase TennCare
enrollment by

65%

Before Expansion

making it more difficult
for Tennessee's most vulnerable
to receive healthcare

After Expansion

2 in 5

Tennessee healthcare providers
will not accept
new Medicaid patients
